INTRODUCTION

Skylands need your help, Portal Master! Prepare yourself for an all new adventure with the Skylanders and the SWAP Force. For generations, the SWAP Force protected the Cloudbreak Islands, home to a mystic volcano that erupts every one hundred years to replenish all of the magic in Skylands. During the last eruption, the SWAP Force became caught in the magical blast, which sent them to Earth and gave them the unique ability to swap powers! Now a new evil is threatening the Cloudbreak Islands, and it's up to you, Portal Master, to send the Skylanders and the SWAP Force back into Skylands to save the day!

PORTAL OF POWER®

To begin *Skylanders SWAP Force*™, the *Portal of Power* must first be connected up to your Wii U console. With the Wii U console powered off, insert the *Portal of Power* into an available USB port. Power on your Wii U console and the *Portal of Power* will automatically be ready for use.

It is through the *Portal of Power* that the Skylanders can enter the ancient islands that make up Skylands. Once placed on the *Portal of Power*, the Skylander will come to life and be playable in game.

TOY PLACEMENT

You may place up to 3 toys on the *Portal of Power* at once, which includes 2 playable Skylanders (for 2 player mode only) and 1 Magic Item or 1 Location Piece (sold separately).

GAMEPLAY CONTROLS

The *Portal of Power* and at least one Skylander figure are required to start a new profile and to proceed in the first part of the tutorial.

PLAYING THE GAME

- 1. Life Meter** - This green meter displays the amount of Health your Skylander has. If the life meter of any Skylander reaches zero, they must be removed from the *Portal of Power* and replaced with a different Skylander, or you will have to restart the level. If the life meter of a SWAP Force Skylander reaches zero, then both the top and bottom halves must be removed from the *Portal of Power*. Neither half will work in any other SWAP combinations until the next level is reached or the level is restarted.
- 2. Level and Level Meter** - This meter displays the current level of your Skylander. When this meter fills up completely, your Skylander will level up. The maximum level a Skylander can reach is 20. Skylanders from *Skylanders Spyro's Adventure*® and *Skylanders Giants*™ can also reach level 20 while being used in *Skylanders SWAP Force*.
- 3. Elemental Symbol** - Displays the elemental symbol of your Skylander. If you are using SWAP Force parts with different elements, it will display both of your elements.
- 4. Elemental Bonus Symbol** - While in one of these areas, if you place a Skylander that has the matching element type on the *Portal of Power*, the Skylander will be more powerful than normal.
- 5. Dual Elemental Gate** - This gate can be unlocked by a SWAP Force Skylander that is of both featured elements. If playing in Co-Op, this gate can be unlocked if both featured elements are represented by one of the Skylanders.
- 6. Elemental Gate** - This gate can be unlocked with a Skylander that is of that element.
- 7. Health Pick Up** - Collecting food pick-ups will restore some of your Life Meter.
- 8. Currency** - Collecting various forms of treasure will allow you to purchase upgrades.

SWAP FORCE POWER ZONES

Also throughout Skylands, there are SWAP Force Power Zones that only Skylanders of that SWAP Force Power can open. To enter, the bottom half of the Skylander should have the same matching icon as on the Zone, which signifies they have that SWAP Force Power. Once inside a SWAP Force Power Zone, be prepared to face new challenges that are unique for each SWAP Force Power. Earn collectibles, such as Hats, Legendary Items, and Bonus Missions, by bouncing, flying, and racing to name a few new actions, through these SWAP Force Power Zones.

LEVELING UP

Your Skylanders will gain experience as they defeat enemies. As your Skylander levels up, their health will increase as well. The maximum level a Skylander can reach is 20.

WOODBURROW

The town of Woodburrow has been the meeting place of the Ancient Elementals for generations, and is located very close to the magical volcano Mount Cloudbreak. It is here that you may train your Skylanders to become stronger, either by purchasing new upgrades or items for your Skylanders, or by honing their skills with the use of Arena challenges.

Rufus - Rufus is the Village Crier of Woodburrow and knows everything about the village. If you are ever confused about what to do while you're in town, talk to him and he'll show you where to go.

Chieftess - The Chieftess is the only one in the village who can communicate with the Ancient Elementals. She will be invaluable on your quest to protect them from Kaos.

HipBros (Tuk and Gorm) - These brothers aren't always on the friendliest terms, but Gorm protects the only Mega Power Pod in the town, and Tuk runs the only shop in town, so you should get to know them both so you can turn in your currency you have earned on your quest for upgrades.

PLAYING THE GAME

AirDocks - Whenever there's adventuring to be done or journeys to undertake, this is the place to go! Flynn can always be found there keeping a watchful eye on his ship the Dread Yacht, and Tessa can usually be seen there, taking care of her bird Whiskers.

Eon - Go see Eon on his altar by the AirDocks to view your portal master rank, and view your portal master accolades. The more stars you collect, the higher your rank will reach.

Snaglescale's Arena Challenges - Come to the arena to test your and a friend's strength in a variety of modes, including challenge modes like Solo Survival, Team Survival, Rival Survival, and head-to-head modes like Battle and Ring Out.

Legendary Treasure Pedestals - These pedestals are located throughout Woodburrow, but you can only use them when you have a high enough portal master rank. Consult with Eon on his altar to see how you can achieve a higher portal master rank.

Wheellock - Visit Wheellock after you've completed the game to revisit some levels and complete various Score Mode Challenges.

Avril - If speed is more your game than points, you can also visit Avril after you've completed the game to try out some Time Attack Challenges.

TOYS

Skylanders SWAP Force can be played with both *Skylanders Giants* and *Skylanders Spyro's Adventure* Figures as well as the new *Skylanders SWAP Force* characters.

During gameplay you can switch Skylanders at any time. Skylanders can be used on their home *Portal of Power* or as a guest on a friend's *Portal of Power* in both Story Mode and the Arena Modes. All experience points, currency and upgrades are automatically saved to each toy.

CO-OP PLAY

At any time during Story Mode, a second player can join the game by hitting the **A Button** on a second controller, and placing a Skylander on the *Portal of Power*. To drop out of the game, Player 1 or Player 2 must remove their Skylander from the *Portal of Power* and press the **B Button** on their Wii Remote or GamePad.

ARENA MODES

In the various Battle Modes, choose from a variety of arenas and have a brawl against your friends. Use items, traps and jump pads to your advantage as you try to become the ultimate Portal Master. Challenge a friend in five different head to head modes:

Solo Survival – Survive Multiple stages of enemies of increasing difficulty.

Team Survival – Survive multiple stages of enemies of increasing difficulty with a friend.

Rival Survival – Rank more points than your opponent as you fight enemies.

Battle Arena – Defeat your opponent with your attacks and by triggering hazards in the arena.

Ring Out – Knock your opponent out of the arena with well-timed power hits.
