Important Health Warning: Photosensitive Seizures

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people with no history of seizures or epilepsy may have an undiagnosed condition that can cause "photosensitive epileptic seizures" while watching video games. Symptoms can include light-headedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, momentary loss of awareness, and loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects. **Immediately stop playing and consult a doctor if you experience any of these symptoms.** Parents, watch for or ask children about these symptoms—children and teenagers are more likely to experience these seizures. The risk may be reduced by being farther from the screen; using a smaller screen; playing in a well-lit room, and not playing when drowsy or fatigued. If you or any relatives have a history of seizures or epilepsy, consult a doctor before playing.

INTRODUCTION

Kaos has discovered the ancient power of Mind Magic and is using it to create an unstoppable army of Doomlanders! Eon is calling upon all Portal Masters and Skylands' greatest mystic warriors, the Senseis, to stop Kaos and his minions. Now, you must use the power of your imagination to create your own Skylanders to battle in the ultimate adventure alongside the almighty Senseis to save Skylands.

PORTAL OF POWER

To begin Skylanders™ Imaginators, connect the **Portal of Power** to your Xbox® 360 system. Once your **Portal of Power** is connected, place your Skylander on the **Portal of Power** and watch your Skylanders come to life! When playing Single Player, you can have either 1 Skylander or 1 Creation Crystal on the **Portal of Power**. While playing Local Co-op, you can have 2 Skylanders or 2 Creation Crystals. In the Skylanders Racing Mode you can boost your collection of vehicles by placing vehicles on the **Portal of Power** one at a time.

Note: Electronic devices and metal surfaces may interfere with the **Portal of Power**.

TOYS

Skylanders Imaginators can be played with Skylanders from all previous games. During gameplay you can switch Skylanders at any time. Traps can only be used in Skylanders Racing Mode, and are only compatible with a **Portal of Power** that includes a Trap Slot.

Your Skylander toy or Creation Crystal will save your Imaginator (Creation Crystal only), experience points and level, upgraded skills and abilities, and gold. This allows you to enter Skylands through another **Portal of Power** while still playing with your own upgraded collection of toys. While at your friend's house, your Skylander will continue to save any currency and experience collected.
