⚠ WARNING: PHOTSENSITIVITY/EPILEPSY/SEIZURES

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- eye or muscle twitches
- disorientation
- any involuntary movement or convulsion.
- altered vision
- loss of awareness
- seizures

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far away as possible from the television screen.
- Avoid large screen televisions. Use the smallest television screen available.
- Avoid prolonged use of the PlayStation®3 system. Take a 15-minute break during each hour of play.
- Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

NOTICE:

Use caution when using the DUALSHOCK®3 wireless controller and the PlayStation®Move motion controller motion sensor function. When using the DUALSHOCK®3 wireless controller or the PlayStation®Move motion controller motion sensor function, be cautious of the following points. If the controller hits a person or object, this may cause accidental injury or damage. Before using, check that there is plenty of space around you. When using the controller, grip it firmly to make sure it cannot slip out of your hand. If using a controller that is connected to the PS3™ system with a USB cable, make sure there is enough space for the cable so that the cable will not hit a person or object. Also, take care to avoid pulling the cable out of the PS3™ system while using the controller.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PS3™ system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

HANDLING YOUR PS3™ FORMAT DISC:

- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

INTRODUCTION

Kaos has discovered the ancient power of Mind Magic and is using it to create an unstoppable army of Doomlanders! Eon is calling upon all Portal Masters and Skylands' greatest mystic warriors, the Senseis, to stop Kaos and his minions. Now, you must use the power of your imagination to create your own Skylanders to battle in the ultimate adventure alongside the almighty Senseis to save Skylands.

PORTAL OF POWER

To begin Skylanders® Imaginators, connect the **Portal of Power** to your PlayStation®3 system. Once your **Portal of Power** is connected, place your Skylander on the **Portal of Power** and watch your Skylanders come to life! When playing Single Player, you can have either 1 Skylander or 1 Creation Crystal on the **Portal of Power**. While playing Local Co-op, you can have 2 Skylanders or 2 Creation Crystals. In the Skylanders Racing Mode you can boost your collection of vehicles by placing vehicles on the **Portal of Power** one at a time.

Note: Electronic devices and metal surfaces may interfere with the **Portal of Power**.

TOYS

Skylanders Imaginators can be played with Skylanders from all previous games. During gameplay you can switch Skylanders at any time. Traps can only be used in Skylanders Racing Mode, and are only compatible with a **Portal of Power** that includes a Trap Slot.

Your Skylander toy or Creation Crystal will save your Imaginator (Creation Crystal only), experience points and level, upgraded skills and abilities, and gold. This allows you to enter Skylands through another **Portal of Power** while still playing with your own upgraded collection of toys. While at your friend's house, your Skylander will continue to save any currency and experience collected.
