TIPS

Earning Stars:

Stars are earned by obtaining high scores for each level. More points are awarded for completing a level with the least amount of birds and with the most amount of object destruction.

Millennium Falcon:

The Millennium Falcon can be called in to clear a level at any time, but it has a limited number of uses. More Millennium Falcons can be unlocked by achieving stars during gameplay, playing the game for consecutive days, playing local multiplayer, failing a level too many times, or by finding some secrets in the main menu.

Golden Droids:

Find golden droids (eggs) hidden in the levels throughout the game to unlock secret bonus levels!

"near":

Playing through the single player levels of the game will unlock random character stickers at certain points. There are 38 total stickers in the game. Stickers can be shared with other nearby players to more easily collect them. Shared stickers are not removed, but duplicated with nearby players. Try to collect them all!
